

This folder contains:

1. Table 1 of García and Heckman 2022 (Annual Review of Economics, 15).
2. The data file `abc_basicvariablesatmidlife.dta` contains basic baseline, adulthood, and midlife variables.
3. A `abcmidlife_basicmaindifferences.do`, which uses the data in 2. To generate the Table 1, in 1. For details on the definition of the variables, see García and Heckman 2022.
